Dear Neighbours,

Hi! I am one of the students at Acland Burghley School who are delivering letters today to ask for your help with something exciting...

We're really close to reaching our fundraising goal to turn our amazing Assembly Hall into a space for the local community, but we are not quite there yet. Our goal is £1,875,000 (which clearly sounds like a lot!) but the good news is that about 80% of that has already been pledged.

We're nearly there, but if we dont get the final amount by February, the project can't go ahead!

Our Assembly Hall is actually quite famous: a brutalist building in Tufnell Park shaped like a big hexagon. It used to host shows, music and community events. We want it to be like that again - a space for everyone to come together, young and old, to host clubs, events and performances.

Brilliantly, an organisation called Big Give has agreed to help. For every £1 you donate they'll match it (up to £15k) but your donation has to be given THIS WEEK!

We're also lucky to have support from the Orchestra of the Age of Enlightenment, who live in our school and run really cool events like our Dream Chasing Young Producers club. They are helping us plan events that anyone can come along to.

On our donation form you can see all the ways you can help. Please give what you can and remember every £1 is doubled.

Thank you for helping bring our Hall back to life and for being amazing neighbours!
