

As we wait for the session to begin, take a look at the questions below and discuss them with those around you.

1. On average, how many GCSE exam papers does a Year 11 student sit?
2. When is GCSE Results Day?
3. How much of a GCSE grade is decided by the final exams?
4. When we ask students after Results Day, “If you could go back to the start of Year 11, what is one thing you would have done differently?” — what do you think the most common answer is?
5. What is more important during Year 11: working harder or working smarter?
6. What do you think your child is most worried about right now?

Year 11 Information Evening

17th September 2026

What you as a parent can do:

1. Homework!
2. Support them to have the space, time and resources to revise
3. Ask questions about their revision sessions
4. Lots of praise and encouragement
5. Encourage sensible phone use – positive habits!
6. Some exam stress is normal, but encourage them to speak to others if they are feeling overwhelmed
7. Attendance and punctuality are key
